

# Docents Wanted for Charlestown Mill

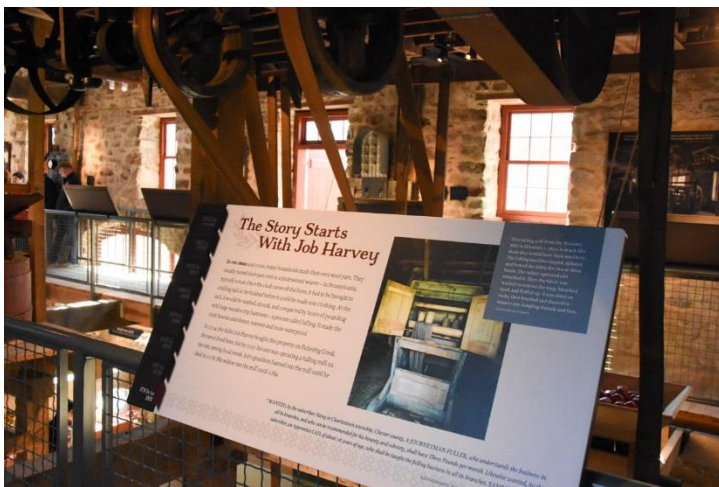

What are docents? Docents are volunteers who would help at the Mill in:

- Hosting tours
- Liaison with schools and other groups
- Helping with special events
- Generally representing the Mill to the public

About 150 visitors came to our grand opening on November 11, 2018. If you enjoy history, culture, and talking to people, you can help!

Docents will receive primary training to host tours (which are self-guided), coordinate educational programs and community events, and in general act as ambassadors for the Mill.

We'd like the docents to form a committee to develop a program to begin in the spring of 2019 that would include an open house one day per month and create a plan for hosting school and other groups for the spring-summer-fall season.

The time commitment for docents would generally be 5-7 hours per month, a little more during special events.

No previous experience is needed. We are looking for docents who have a curiosity in learning about our local history, and who are willing to share what they have learned as they host visitors, conduct programs, and help out with special events.

## Interested in serving as a docent?
