

## **Earth Day Activities for April 18<sup>th</sup>, 2020**

### **Are Cancelled due to the Coronavirus Situation**

We hope you will consider taking a half hour or hour this Spring to participate in the movement “Clean Up Your Corner”, which encourages everyone to spend a small amount of time cleaning up litter from their front yard, which you can do while working at a safer distance from the road on your own property.

Many of you already do this, and we thank you!
