

Halloween Trick-or-Treating CDC Guidance

Charlestown Township does not regulate Halloween. For residents who choose to participate in Trick-or-Treating this year, the Township asks that residents limit Trick-or-Treating to between 6PM and 8PM on the evening of October 31, and that they follow all CDC guidelines related to Halloween for COVID-19. [Click Here](#) for the CDC COVID-19 guidance for Halloween. The standard practice is to keep your front porch light on if you are participating in trick-or-treat activities and to turn your porch light off if you are not. Please be respectful of those who choose not to participate this year due to the COVID-19 pandemic. Thank you and have a safe and healthy Halloween.
