|           |               |                  |                    |   |                                |           |            |
|           |               |                  |                    |   |                                |           |            |
|           |               |                  |                    |   |                                |           |            |

(1) Parcel Owner - The person(s) or entity to whom the property is being sold. (Generally not the builder/developer.)  
 (2) Tax Parcel Number is a required field. Note: Use the original ("master") tax parcel number in subdivisions where a new tax parcel has not yet been issued for the lot.  
 (3) Lot Number is a required field.  
 (4) Provide a brief description of the permitted improvement, especially as to its possible effect on value (e.g. finished basement, enclosed porch/patio, finished attic to living area, etc.)
